Frequently Asked Questions

- ◆ **How long will the finish last?** *With normal proper care the finish will last for many years and comes with a 5 year limited warranty.*
- ◆ **How long after can I use my bathtub or shower?** *Usually within 24 hours.*
- ◆ **How long does the refinish and restore system take?** *An average refinishing job takes 4-6 hours.*
- ◆ **Can the color of my bathtub or shower be changed?** *Yes!*
- ◆ **Should I refinish before or after remodeling my bathroom?** *We recommend waiting until the bulk of the heavy construction is done. The green materials we use will cover and protect the area. It helps to prevent dust and particles from getting into the finish of your tub or shower.*
- ◆ **Will the bottom of my bathtub or shower still be slippery?** *We can fuse a non-slip texture into the finish for extra protection for free.*
- ◆ **Will the fiberglass repair last?** *Yes, we can use materials straight from the manufacturer.*
- ◆ **What is the warranty on fiberglass repair and refinishing?** *Both systems have a 5 year warranty.*
- ◆ **Can my tub surround be refinished?** *Yes!*
- ◆ **Can my ceramic tile be reglazed?** *Yes!*
- ◆ **How do I request an estimate?** *Go to our website www.thefibertech.com or call toll free 1-888-8FixTub*
